

Proposed Variation No. 5: Northwest Quadrant (Naas) of the Kildare County Development Plan 2023 - 2029 (as varied)

Strategic Environmental Assessment (SEA) Screening Determination under S.I. No. 456 of 2025 European Union (Land Use Planning - Strategic Environmental Assessment) Regulations 2025 for the Proposed Variation No. 5 of the Kildare County Development Plan 2023-2029 (as varied).

A Strategic Environmental Assessment (SEA) Screening determination has been made by Kildare County Council regarding Proposed Variation No. 5 to the Kildare County Development Plan 2023 - 2029 (as varied). The SEA Directive as transposed by S.I. No. 456 of 2025 European Union (Land Use Planning - Strategic Environmental Assessment) Regulations 2025, provide requirements in relation to SEA.

A screening for SEA must be undertaken on Proposed Variation No. 5 of the Kildare County Development Plan 2023 - 2029 (as varied) in order to establish whether the plan would be likely to result in significant effects on the environment and would necessitate full SEA.

Following a detailed examination of the Proposed Variation No. 5 of the Kildare County Development Plan 2023 - 2029 (as varied) provided in the SEA Screening Report (that accompanies and has informed this determination) taking into account of relevant criteria set out in Schedule 2 and any submission or observation received from environmental authorities, it is determined that the Proposed Variation No. 5 of the Kildare County Development Plan 2023 - 2029 (as varied) would not be likely to result in significant environmental effects and therefore the Proposed Variation No. 5 of the Kildare CDP 2023 - 2029 (as varied) does not require a full SEA.

A SEA Screening Report on the Proposed Variation No. 5 of the Kildare County Development Plan 2023 - 2029 (as varied) accompanies this determination.
