## Kildare County Council Speed Limit Review 2021

This book illustrates the proposed speed limits for the county of Kildare to be implemented through special speed limit bye-laws in 2021.

Kildare County Council, in exercise of the powers conferred on it by Section 9 of the Road Traffic Act 2004 (No. 44 of 2004), as amended by Section 86 of the Road Traffic Act 2010 (No. 25 of 2010), and Section 22 of the Road Traffic Act 2016 (No. 21 of 2016) and following consultation with An Garda Síochána, hereby makes the following bye-laws in respect of the area comprising the administrative area of Kildare County Council.

These bye-laws are produced as map based only format as per “Guidelines for Setting and Managing Speed Limits in Ireland”.

Kildare Speed Limit Review for the public Consultation process has been presented in 5 Volumes defined by each Municipal District as follows

Volume 1 – Clane / Maynooth Municipal District  
Volume 2 – Celbridge / Leixlip Municipal District  
Volume 3 – Kildare / Newbridge Municipal District  
Volume 4 – Naas Municipal District  
Volume 5 - Athy Municipal District

### Title

These bye-laws may be cited as the Road Traffic (Speed Limit) (Kildare County Council) Bye-Laws, 2021.

### Structure of Speed Limits

Speed limits apply on a default basis and can only be changed on a permanent basis, as fixed, variable or periodic by Local Authorities through the making of *Special Speed Limit* bye-laws.

Default Speed Limits are speed limits that are specified in Sections 5 to 8 of the Road Traffic Act 2004 which sets out the range of speed limits that are applied for a number of classes or categories of public road.

*Special Speed Limits* are speed limits that are specified in bye-laws prepared by Local Authority Engineers and made (adopted by the vote of) by the Elected Members of Local Authorities. Section 9 of the Road Traffic Act 2004 (amended by Section 86 of the Road Traffic Act 2010) sets out the range of special speed limits that may be applied through bye-laws.

Variable and Periodic Special Speed Limits are provided for both in legislation and in the Traffic Signs Manual. These speed limits are generally intended for use on motorways, tunnels and at schools.

### Repeals

These speed limit bye-laws will supersede all pre-existing bye-law limits. Previous speed limit reviews are hereby revoked.

### Exempted Drivers

The speed limit does not apply to a driver of a fire brigade vehicle, an ambulance or the use by a member of An Garda Síochána of a vehicle in the performance of the duties of that member or a person driving or using a vehicle under the direction of a member of An Garda Síochána, where such use does not endanger the safety of road users.

### In these bye-laws:

- All residential housing estate roads plus some additional roads/road sections/laneways as coloured on the accompanying maps and as indicated in the legend on the maps to be 30km/h.
- 40km/h shall be the special speed limit for mechanically propelled vehicles on the public roads coloured on the accompanying maps and as indicated in the legend on the maps.
- 50km/h shall be the special speed limit for mechanically propelled vehicles on the public roads coloured on the accompanying maps and as indicated in the legend on the maps.
- 60km/h shall be the special speed limit for mechanically propelled vehicles on the public roads coloured on the accompanying maps and as indicated in the legend on the maps.
- 80km/h shall be the special speed limit for mechanically propelled vehicles on the public roads coloured on the accompanying maps and as indicated in the legend on the maps.
- 100km/h shall be the special speed limit for mechanically propelled vehicles on the public roads coloured on the accompanying maps and as indicated in the legend on the maps.
- 120km/h shall be the special speed limit for mechanically propelled vehicles on the public roads coloured on the following maps and as indicated in the legend on the accompanying maps.
- 30km/h shall be the periodic special speed limit for mechanically propelled vehicles on the public roads as shown on the accompanying maps.
- 40km/h shall be the periodic special speed limit for mechanically propelled vehicles on the public roads as shown on the accompanying maps.

### Elected Members Submissions

Please refer to Appendix A for the Elected Members submission to the Kildare Speed Limit Review in a document Titled “Schedule of Proposed Amendments Stage – Elected Members Submissions”

(Please Note Appendix A is located at the end of this report)

28th July 2021

### Commencement Date:

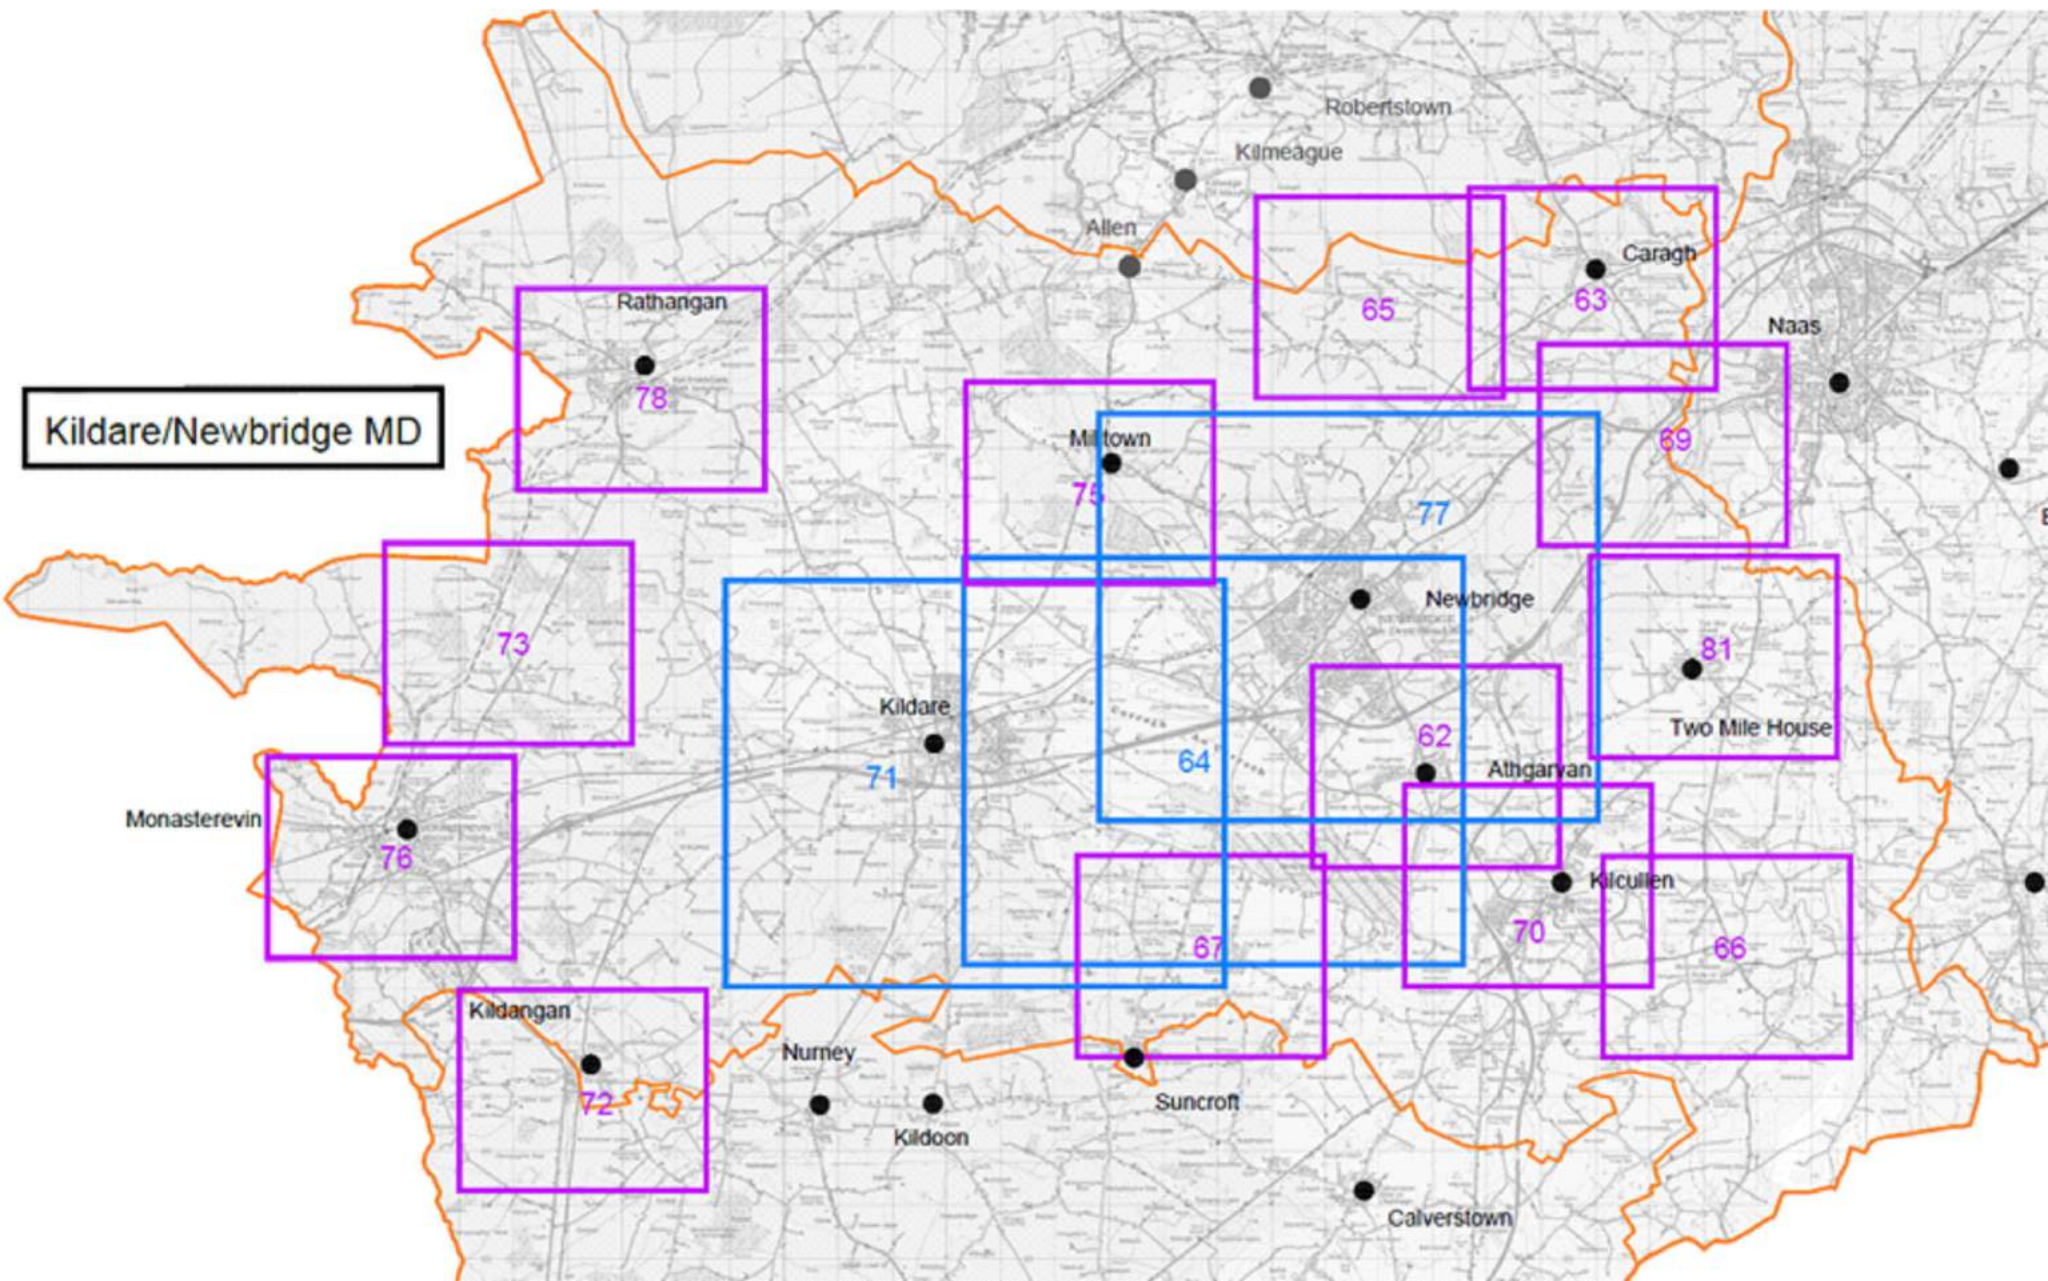

# Contents and layout of Kildare County Speed Limits Review Maps

This book of maps is made up of overview maps and detailed maps. The Overview Maps are at a scale of 1;10,000 & 1;20,000, and give an overview of an area or town’s speed limits. The Detailed Maps are at a scale of 1;5,000 and give a more detailed view of the speed limits for the location.

Detailed Maps – 1:5,000 Scale

This section of the book of maps is made up of Detailed Maps which are at a scale of 1:5,000 and give a more detailed view of the speed limits for each location. The detailed maps numbering is related to the numbering of the overview maps. That is; each overview map is further broken down into one or multiple maps as necessary to cover the area shown on the overview map, at a scale of 1:5,000. Where a map is split into two or four, it will be numbered as illustrated below.

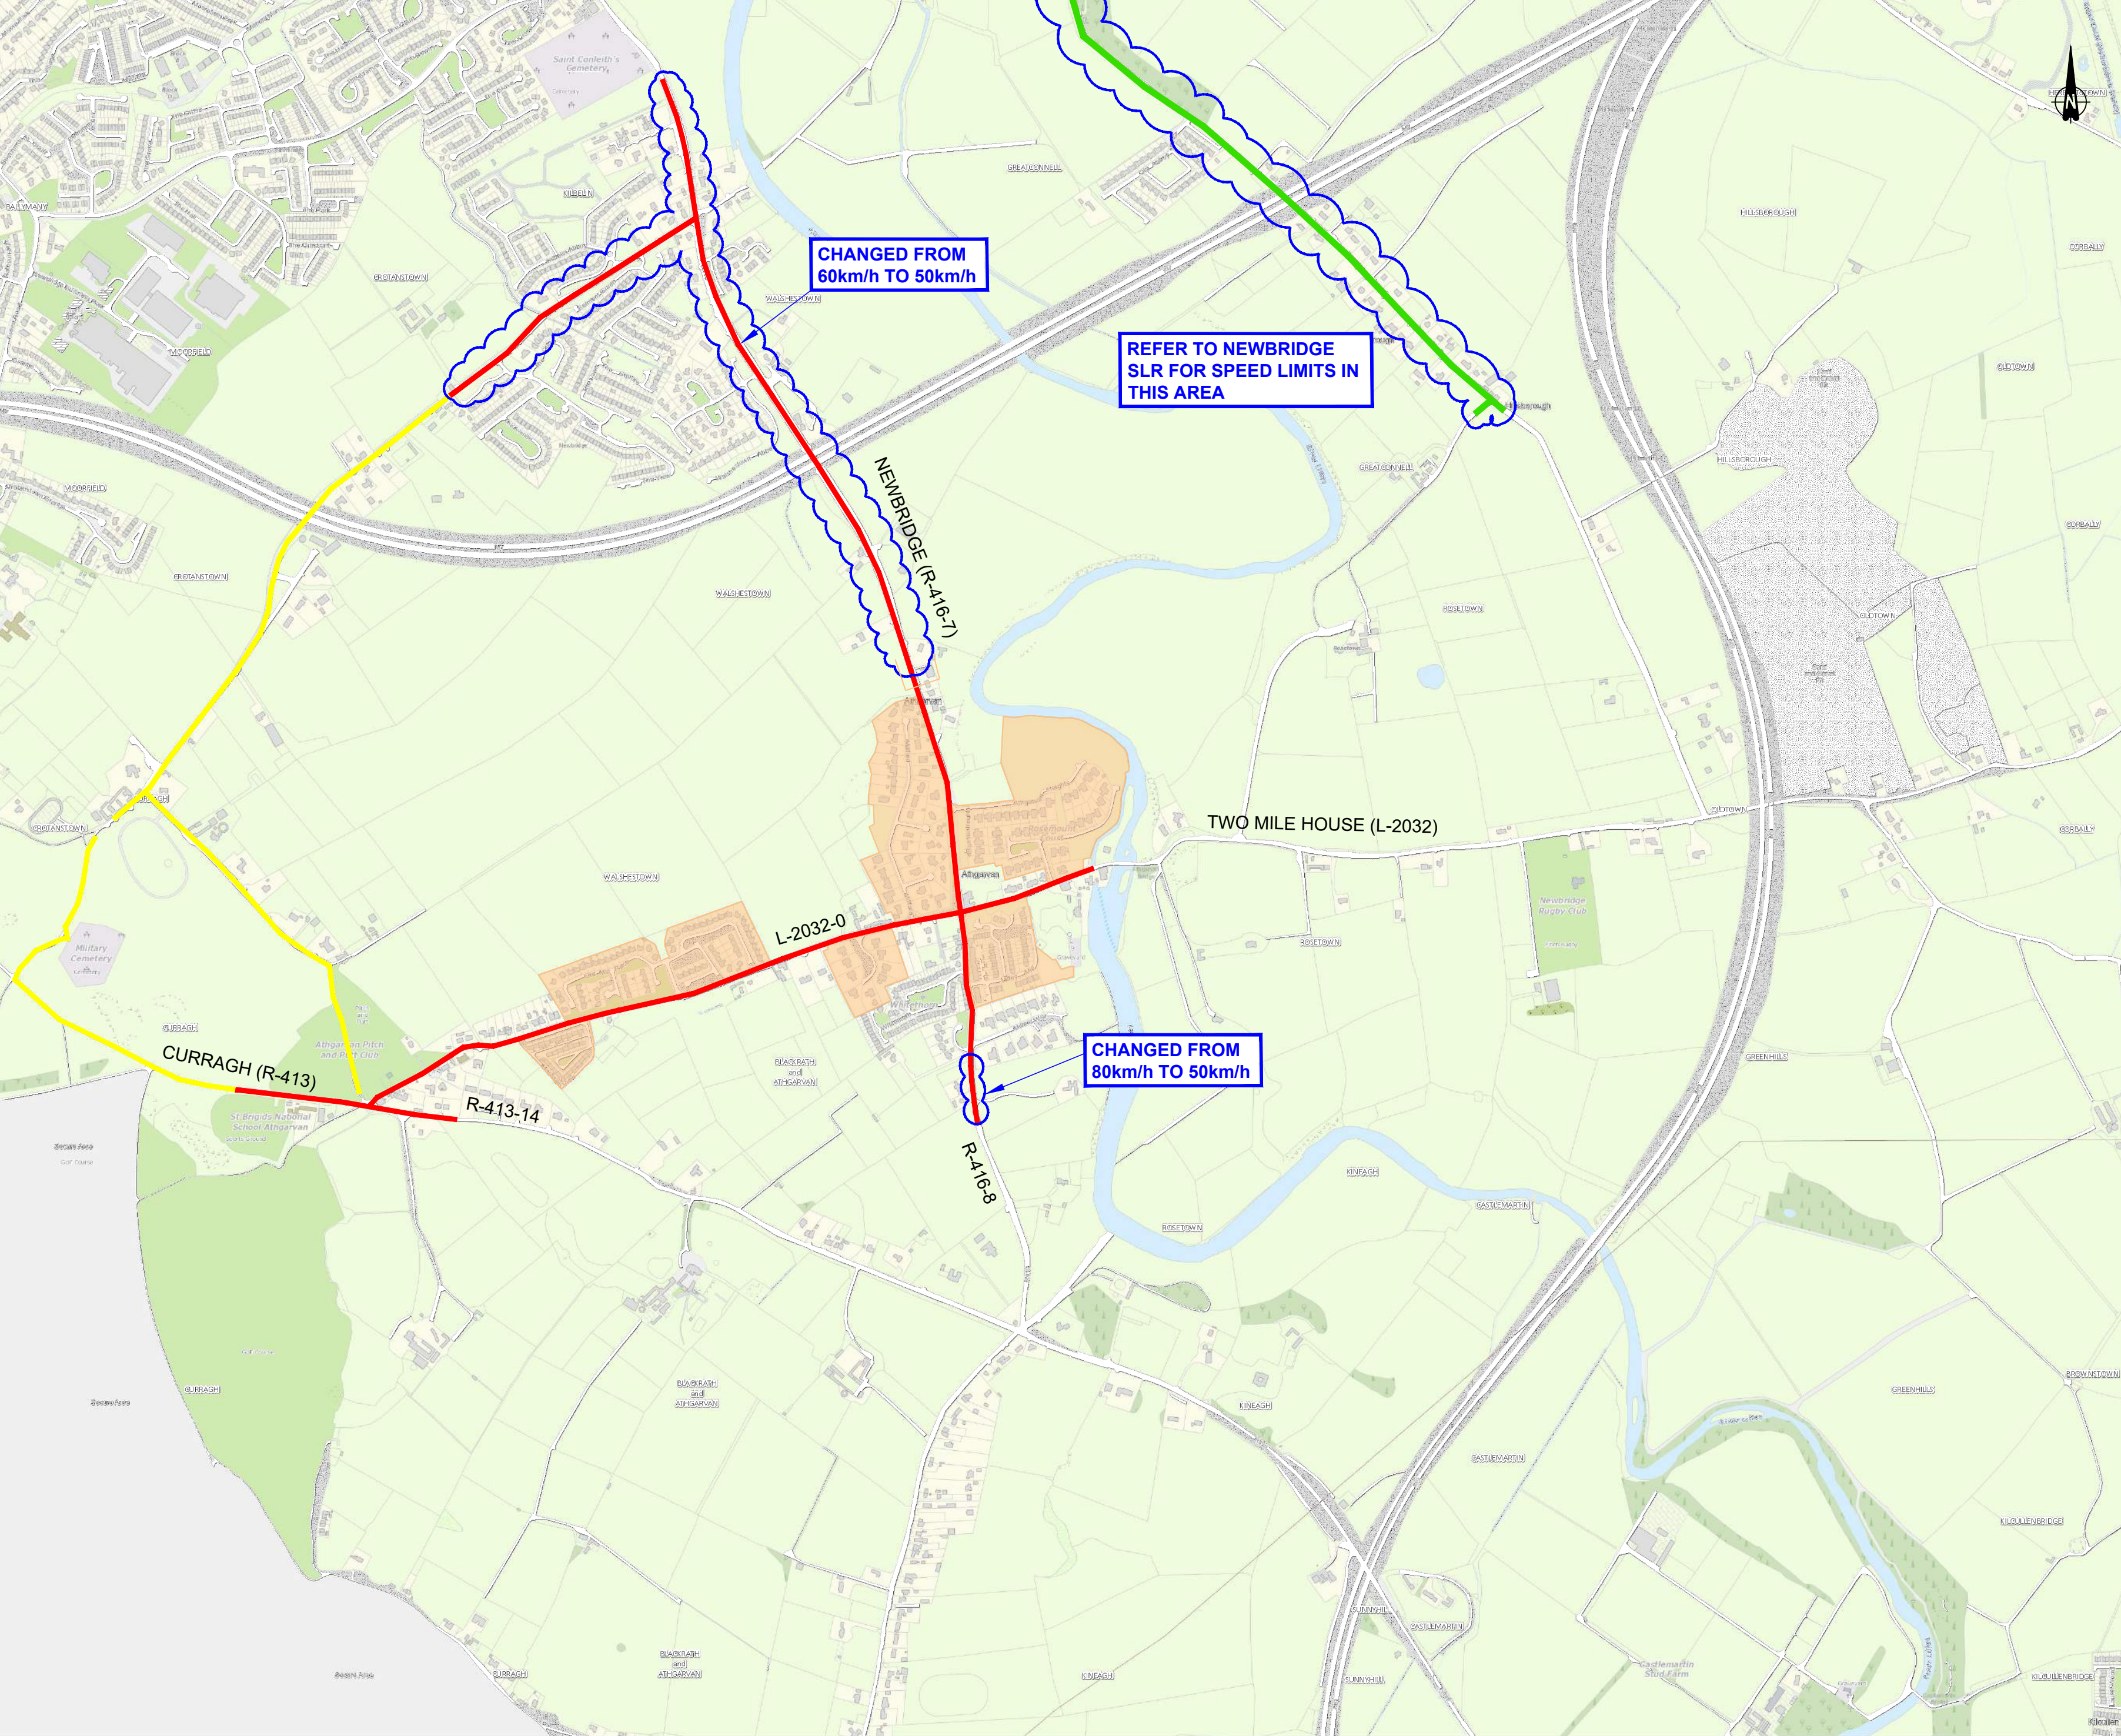

Kildare / Newbridge Municipal District Detail Maps; Scale – 1:5,000

|                                       |   |                                   |

# Kildare / Newbridge Municipal District Speed Limit Review 2021

PROPOSED SCHEDULE OF PROPOSED AMENDMENTS STAGE – ELECTED MEMBERS SUBMISSIONS

Traffic Section -Transportation Directive  
MARCH 2021 |

**Kildare/Newbridge Municipal District Speed Limit Review**  
Proposed Schedule of Proposed Amendments Submissions / Recommendations

| Item No. | Councillor        | Location                       | Speed Limited Review Submissions                                                                                                                                                          | Road No.                         | Map No.                                  | KCC Traffic Section Recommendation                                                                                                                                                                                                                                                                                                                                                                                            |
|----------|-------------------|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------|------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.0      | Cllr Kevin Duffy  | Kilcullen Giltown Road         | Retain 60KPH at a minimum.<br><br>Requests 50KPH                                                                                                                                          | R413 - 7                         | SLR-2020-KNMD-70                         | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h.                                                                                                                                                                                                           |
| 1.1      | Cllr Kevin Duffy  | Kilcullen Sunnyhill Road       | Retain 60KPH Speed limit                                                                                                                                                                  | L-6080-0<br>L-6075-5<br>L-6081-0 | SLR-2020-KNMD-70                         | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h.                                                                                                                                                                                                           |
| 1.2      | *Cllr Kevin Duffy | Curragh Environs               | Retain 60KPH on all roads on Curragh Environs                                                                                                                                             |                                  | SLR-2020-KNMD-64-1<br>SLR-2020-KNMD-64-2 | In considering the Curragh Environs and based on the importance of the Curragh as an amenity for Walking/Running/Biking /Equestrian etc.<br><br>Therefore, in accordance with Appendix A Speed Assessment Framework for Rural Single Carriage Section 4.5 of the Speed Limit Guidelines, KCC will deem The Curragh Environs a 60km/h speed limit zone.                                                                        |
| 1.3      | *Cllr Kevin Duffy | Mountrice Crossroads           | Retain 60KPH. Very dangerous section of road through Mountrice                                                                                                                            | R414-8<br>R414-9                 | SLR-2020-KNMD-73                         | Considering the residential and community-based buildings at Mountrice Crossroads<br><br>KCC have determined to be in compliance Speed Limits in Ireland Appendix F Extracts for DMURS Table 4.1 It is considered a speed limit of 60km/h is more applicable due to its location outside of the village centre where commercial and community properties are located.<br><br>Mountrice Crossroads to remain 60km/h Speed Zone |
| 1.4      | Cllr Kevin Duffy  | Monasterevin                   | Retain 60 KPH. Very bad road with significant residential properties                                                                                                                      | L3009                            | SLR-2020-KNMD-76                         | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h.                                                                                                                                                                                                           |
| 1.5      | Cllr Kevin Duffy  | Monasterevin Portarlinton Road | Reduce speed from proposed 80KPH to 50KPH                                                                                                                                                 | R424                             | SLR-2020-KNMD-76                         | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h.                                                                                                                                                                                                           |
| 1.6      | Cllr Kevin Duffy  | Monasterevin Dublin Road       | Extend 50KPH limit past recently granted Serviced Business Park<br><i>(Cllr Duffy has declared a conflict of interest on this change - involved in developing Serviced Business Park)</i> | R445                             | SLR-2020-KNMD-76                         | In carrying out the speed limit review, KCC can only legislate to what's physically on the ground.<br>In this instance the construction of Business Park hasn't started therefore in the short-term 50km/h speed zone cannot be considered.<br><br>If during the timeframe of the Speed Limit Review construction is substantially complete extending the 50km/h will be considered.                                          |

Proposed Schedule of Proposed Amendments Submissions / Recommendations

| Item No. | Councillor          | Location                                     | Speed Limited Review Submissions                                                                                                                                                                                        | Road No. | Map No.          | KCC Traffic Section Recommendation                                                                                                                                                                                                                                                                                                                                                                                                                |
|----------|---------------------|----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.7      | Cllr Kevin Duffy    | Newbridge Blackberry Lane                    | Retain at 50KPH. Potential to become "RatRun"                                                                                                                                                                           | L-7025-0 | SLR-2020-KNMD-77 | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h. Additionally in accordance with Section 6.2, special speed limits lower than 80km/h are normally unnecessary where character of the road limits the speed to a level at or below the special speed limit under consideration. |
| 1.8      | *Cllr Kevin Duffy   | Curragh Plains                               | Reduce speed from Ballymany Roundabout to Curragh Camp to 50KPH                                                                                                                                                         | L3008    | SLR-2020-KNMD-64 | <p>In considering the Curragh Environs and based on the importance of the Curragh as an amenity for Walking/Running/Biking /Equestrian.</p> <p>Therefore, in accordance with Appendix A Speed Assessment Framework for Rural Single Carriage Section 4.5 of the Speed Limit Guidelines.</p> <p>The roads on the Curragh Ballymany Motorway Junction KCC will deem The Curragh Environs a 60km/h speed limit zone.</p>                             |
| 1.9      | *Cllr Kevin Duffy   | Brannockstown Village                        | Reduce speed from proposed 80KPH to 50KPH in front of residential properties                                                                                                                                            | R-413-21 | SLR-2020-KNMD-66 | To provide consistency in the speed limit, the 50km/h will be extended in Brannockstown Village                                                                                                                                                                                                                                                                                                                                                   |
| 2.0      | Cllr Kevin Duffy    | Ellistown                                    | Extend 50PKH speed limit to include crossroads                                                                                                                                                                          | L-7008-2 | SLR-2020-KNMD-68 | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 50km/h.                                                                                                                                                                                                                               |
| 2.1      | Cllr. Anne Connolly | Lackagh Mountrice                            | <p>Increasing speed limit from 60KPH to 80 KPH not correct thing to do. Roads are extremely narrow with some very dangerous bends on them.</p> <p>Very busy road at School times. Suggest these roads left at 60KPH</p> | L-7010-2 | SLR-2020-KNMD-68 | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 50km/h.                                                                                                                                                                                                                               |
| 2.2      | Cllr. Anne Connolly | Rathangan Kildare Road                       | Requested traffic calming measures be put in place at Bonaghmore. Increasing speed from 60KPH to 80KPH is excessive. Recommend speed limit of 60KPH be retained                                                         | R401-12  | SLR-2020-KNMD-78 | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 50km/h.                                                                                                                                                                                                                               |
| 2.3      | Cllr. Anne Connolly | Rathangan Bog Cross Rathangan to Ballydermot | <p>Be reduced to 60KPH.</p> <p>Rathangan Cemetery on this road and reduced speed limit is required at this location.</p>                                                                                                | L-3001-1 | SLR-2020-KNMD-78 | <p>In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h.</p> <p>Warn &amp; Inform Signage is recommended to alerting motorist of the location of the Graveyard</p>                                                                                                                  |

| 2.4      | Cllr. Noel Heavey     | Dunbyrne                          | L7083 - Junction of R415 to Junction L7087 - Reduce speed from 80KPH to 60KPH                                                                                                                                                                                                                                                                                                                                                                                                                  | L7083<br>R415<br>L7087 | No Map<br>Default Speed | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h. Additionally in accordance with Section 6.2, special speed limits lower than 80km/h are normally unnecessary where character of the road limits the speed to a level at or below the special speed limit under consideration.                                                                                                                                                                                                                                                                                                                                           |
| 2.5      | Cllr. Noel Heavey     | Clongorey                         | Reduce speed from 80KPH to 60KPH                                                                                                                                                                                                                                                                                                                                                                                                                                                               | L 7091<br>L7093        | SLR-2020-KNMD-65        | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h. Additionally in accordance with Section 6.2, special speed limits lower than 80km/h are normally unnecessary where character of the road limits the speed to a level at or below the special speed limit under consideration.                                                                                                                                                                                                                                                                                                                                           |
| 2.6      | Cllr. Tracey O'Dwyer  | Kilcullen<br>Gilltown Road        | High Impact accidents due to speed and topography of this particular stretch of road and for this reasoning this road is not suitable for speed over current 60KPH.<br><br>The road twists and bends creating many blind spots along this stretch of road. Many residential units along this road with playschool and creche at the point of the recommended speed increase.                                                                                                                   | R413                   | SLR-2020-KNMD-70        | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| 2.7      | *Cllr. Tracey O'Dwyer | Two Mile House<br>Myerstown Cross | Flashing slow down signs have been erected in the last year at considerable cost just past this stretch of road to try slow down cars as they speed through this rat run from Athgarvan Cross through Two Mile House.<br><br>Any increase in speed makes it hard for Police to implement safe driving checks along this road. Very rural road with bends and twists and a considerable number of homes along the route who have had to install mirrors just to try and pull out of their homes | L2032-4                | SLR-2020-KNMD-81        | Considering the Commercial buildings at Mylerstown Cross is 60km/h Speed Zone is to be retained.<br><br>KCC have determined it to be in compliance Speed Limits in Ireland Appendix F Extracts for DMURS Table 4.1 It is considered a speed limit of 60km/h is more applicable due to the location Of Commercial buildings at Mylerstown Cross<br><br>In order to have speed limit consistency L2032-4 between Mylerstown Cross & Two Mile House will remain at 60km/h<br><br>The Road between TMH & Athgarvan (L2032-1, L2032-2, L2032-3) is to remain at 80km/h to be in accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h. |

| 2.8      | *Cllr. Tracey O'Dwyer | Brannockstown, Ballymore Road | Representations have been made to have the 50KPH extended along this particular stretch of road due to the number of homes along this section.<br><br>Cars travelling from Ballymore Eustace come around a ben already at speed leaving residents no time to pull out of their homes                                                                                                                                                                                                                                                 | R-413-21                                                | SLR-2020-KNMD-74 | To provide consistency in the speed limit, the 50km/h will be extended within Brannockstown Village                                                                                                                 |
| 2.9      | Cllr. Tracey O'Dwyer  | Kilcullen Sunnyhill Road      | - A reduction in speed has previously been requested on this road and a 50KPH speed limit is again requested, Traffic monitoring survey has been carried out on this road due to speed concerns and risk it poses to homes on this road. The homes along the route are all below road height together with the road narrowness of the road which allows for no element of driver error. The road is not on the salting route and its height over the Motorway is exposed. Cannot stress enough importance of reducing speed to 50KPH | L6081                                                   | SLR-2020-KNMD-70 | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h. |
| 3.0      | Cllr. Peggy O'Dwyer   | Newbridge Caragh              | Barrettstown Road - Newbridge to Thomastown/Caragh.<br><br>Presently goes between 60-80.<br><br>Requests 80KPH for uniformity                                                                                                                                                                                                                                                                                                                                                                                                        | L7041-1<br>L7041-2<br>L7041-3<br><br>L2030-0<br>L2030-1 | SLR-2020-KNMD-63 | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h. |
| 3.1      | Cllr. Peggy O'Dwyer   | Caragh                        | Caragh to Thomastown Cross -<br>Reduce from 80KPH to 60KPH                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | L2030-0<br>L2030-1                                      | SLR-2020-KNMD-63 | In accordance with Section 7.2 of Speed Limit Guidelines, these sections of road should be default 80km/h as the level of development density is below the requirement for applying an urban speed limit of 60km/h. |
