Draft Kildare County Development Plan 2023 - 2029

13.6 Recreation and Amenities

Caibidil: Volume 1 - chapters » 13 - Landscape, Recreation & Amenity

13.6 Recreation and Amenities

Objectives LR 055, LR 056 and LR 057 relating to support for a Liffey Valley Linear Park are welcomed.

Objective LR 057 to "*Investigate the feasibility of (i)... (ii) The possible expansion of recreational open space at other locations along the River Liffey, all subject to environmental considerations*" should be expanded to state the nature of the recreational open space (e.g. create a riverside park with walking and cycling trails) and to list the locations along the River Liffey that might be considered for recreational open space. For example

- Along the one or both banks of the Liffey between the location of the emerging preferred route for the Celbridge-Hazelhatch Link Road / second bridge in Celbridge to the existing bridge in Celbridge
- Along the bank of the Liffey in the grounds of Donaghcumper from the existing bridge in Celbridge to the Salmon Leap Bridge
- etc.
