**Caibidil:** Volume 1 - chapters » 5. Sustainable Mobility & Transport

**Ábhair:** transport

I have grown up in Kings Court and have enjoyed the safety and fresh air that the area provides. As a nineteen year old I am extremely aware of Enviromental concerns particularly the impact of CO2 and emmissions on the Planet. Why then KCC is trying topush through a road that will cause both noise and air polution in an area where there is none is beyond me.

This Road was voted down 6 to 1 bt the counsellors. Why is it still on the plan?

Please advise
