## 12 - Biodiversity & Green Infrastructure

**Caibidil:** Volume 1 - chapters » 12 - Biodiversity & Green  
Infrastructure

**Ábhair:** biodiversity

### 12.14.6.5

#### Bog of Allen

Please remove

"It is expected that 50% of the Peatland Area will remain free from any development".

What impact will economical development have on the 50% not developed, the footprint of renewable energy goes further than the the blade length, the hydrological impacts and fragmentation also have implications on biodiversity. This is not inline with the limits proposed in other areas of this plan.
