I stongly object to the grounds of this avenue as it has been rejected at different due process up to now. there are better options and this seems to be an easy option but not a perminant fix to the traffic problem in Naas.

the area propsed is in suitable for the purpose, its far too close to a residential area, is not a complete solurion as a ring road that is required. cycle lanes etc that are not fit purpose been installed in Naas need to consulted on properly. the racecourse as a facillity will be deminished.

envoironmentally how is this better for local residents.
