## Litir Chumhdaigh

I live near the Grand Canal, and use the existing sections of the Greenway on a regular basis.

The potential for the Grand Canal Greenway is enormous, and the remaining uncompleted sections should be prioritised for completion ASAP.

The Grand Canal Greenway will be a key link from Dublin (a large population & a key tourist hub) to the Barrow Blueway, the River Shannon and other sustainable travel routes, and to other tourist locations.

## Tuairimí:

### Should be prioritised

**Caibidil:** Part 8 - Grand Canal Greenway Phase 2 Additional

...

As above, this project should be prioritised and the bridges built as soon as possible.

This is also a good opportunity to implement the required infrastructure for a greenway:

- Seating
- Signage
- Information about the local area
- Maps
- Bins
- Water taps
- etc.

**Eochairfhocail:**

*Príomh-thuairim:*

This project should be prioritised and the bridges built as soon as possible.

---

*Príomh-iarraais:*

Construction of bridges will provide a good opportunity to install Greenway infrastructure at the same time

---

*Main reasons:*

Grand Canal Greenway has taken a long time to get this far, and priority is needed to complete these last remaining sections.
