Letter of Consent.

- Re: The Model School, Dublin Road / Geraldine Road, Athy.**
- Re: Proposal for alteration to party wall between Fingleton Residence entrance to Geraldine Rd. and the adjacent curtilage of the Model School**

Public Consultation Process under the Planning & Development Acts and the Part 8 of Planning & Development Regulations; regarding the proposed re-purposing of the Model School and associated conservation and road safety works.

Dear Eoghan,

I have been contacted by Kildare County Council in relation to its proposals for the neighbouring property to my residence and I have had an initial outline briefing regarding the nature of the works to be proposed via the 'Part 8' consultation process.

I am informed that the 'Part 8' will include a proposal to alter a section of the party wall to the north of the Model School curtilage and my property on the Geraldine Road to improve sightlines for vehicles entering and exiting the north yard of the Model School premises. I am also informed that I will be asked by Kildare County Council to confer further on the details with a view to seeking my consent to the carrying out of the proposed physical works to the party wall in the event that the 'Part 8' consultation process is successful. I have been assured that I will be contacted in that regard for conferral on the technical details, methodology and timeline for implementation.

I consent to the proposal being made in the form of the 'Part 8' public consultation process as it has been outlined to me. Please note that I reserve property rights.

Yours faithfully,

Elizabeth Fingleton
