KILDARE TOWN TRANSPORT STRATEGY

Kildare County Council is currently developing a Transport Strategy for the town of Kildare and wishes to invite feedback from members of the public. The strategy will determine the interventions required to improve transport and traffic conditions in the town.

Issues that will be addressed by the plan include public transport, walking, cycling, road safety, traffic congestion, parking and traffic management.

A survey will be opened on Friday, 12 June 2020 on Kildare County Council's Public Consultation Portal, available at: <https://consult.kildareco.ie/en/surveys>

The purpose of this online public consultation is to hear from the people who live, work, shop and go to school in Kildare town. This will help to understand the current issues and obtain views on potential solutions.

The closing date for the consultation is Friday, 17 July 2020.

Submissions or observations can be made via the survey on the consultation portal or in writing to the Senior Executive Officer, Roads, Transportation and Public Safety Department at the address below.
